

# FEBRUARY 25<sup>TH</sup> 2017 FOX HUNT

## Who let the dogs out!

It was a beautiful Saturday in Ocala, Florida and a group of Hounds were set out on a hunt for a set of 3 FOX's. The First was KJ4CTZ which was stationary in my car in the parking lot of the Ocala Public Library approximately 4.8 miles away (straight line).

Joe & Carol (KA4WJB & KA4WJR) were the first to find me. Don KF4IAB was second to find me, the rest of the hounds were barking up the wrong tree miles away LOL. I announced my position at 3:30PM and the hounds were soon upon me looking for FOX #2. Meanwhile, Joe had already found FOX #2 and was headed out for FOX#3.

Bobby KW4HU, was the second to find FOX #2 (he was actually pacing back & forth for a good 10 minutes right under the FOX). If it were a snake he would have been a goner! Eventually with a little help and guidance all the hounds were able to successfully find FOX#2. Meanwhile Joe KA4WJB called me on the repeater telling me he had found FOX #3. He was ecstatic that he actually found this thing as it was hidden in plain sight and unlike anything he could have imagined.

We all had a blast!
